

Changes to PDC Administrations positions – SA Metro

Local management have contacted your Union regarding operational changes to the PDC Administration positions within suburban Delivery Centres. Australia Post, like any business, can and do review their operational structures to maximise efficiencies.

Please be aware that during discussions with your Union Australia Post management have stated there will be no change to the current custom and practice at Delivery Centres.

In other words, staff will still be able to have cash meal allowances, collect Personal Protective Equipment, etc as per usual.

If there are any changes to the current practices at your Delivery Centre please raise them with your Union Representative or the local management in the first instance. If you are still not happy please contact the CWU SA/NT Branch Office on 08 8443 7389.

Regards,

Nick Townsend
Branch Secretary
Communication Workers Union, SA/NT Branch
