Approval to use your email address

The CWU SA/NT communicates with its members by various means including Quarterly Newsletters, direct mail-outs to members' home addresses, facsimiles to work locations, telephone calls and text messaging.

We would like to establish member email mailing lists to enable fast distribution of information as it comes to hand. This includes both national and local newsletters, EBA negotiation progress and the like. During EBA negotiations in particular it is proposed that membership feedback to the Union negotiators be achieved by using the CWU Home page and/or fax facilities direct into our National Office.

To enable this Branch to be in a position to distribute information quickly and effectively to the various membership groups, we seek your approval to use your home and/or work email address/es.

If you are agreeable to the Union sending you information via this means, please complete this form return it via the envelope provided or fax it to (08) 8232 5990.
